

MOBILITY. FOR YOUR WASHING

Fulcrum clotheslines are fast becoming the laundry drying frame of choice.

On wheels with brakes and fully portable, these frames are perfectly sized for modern families on smaller blocks or those looking to replace their existing line which is not suitable for all weather drying.

Move it undercover or out into the sun.

Full rotary or Compact size frames
Fully mobile on wheels with brakes
Move with the washing still on the line

Easy to operate

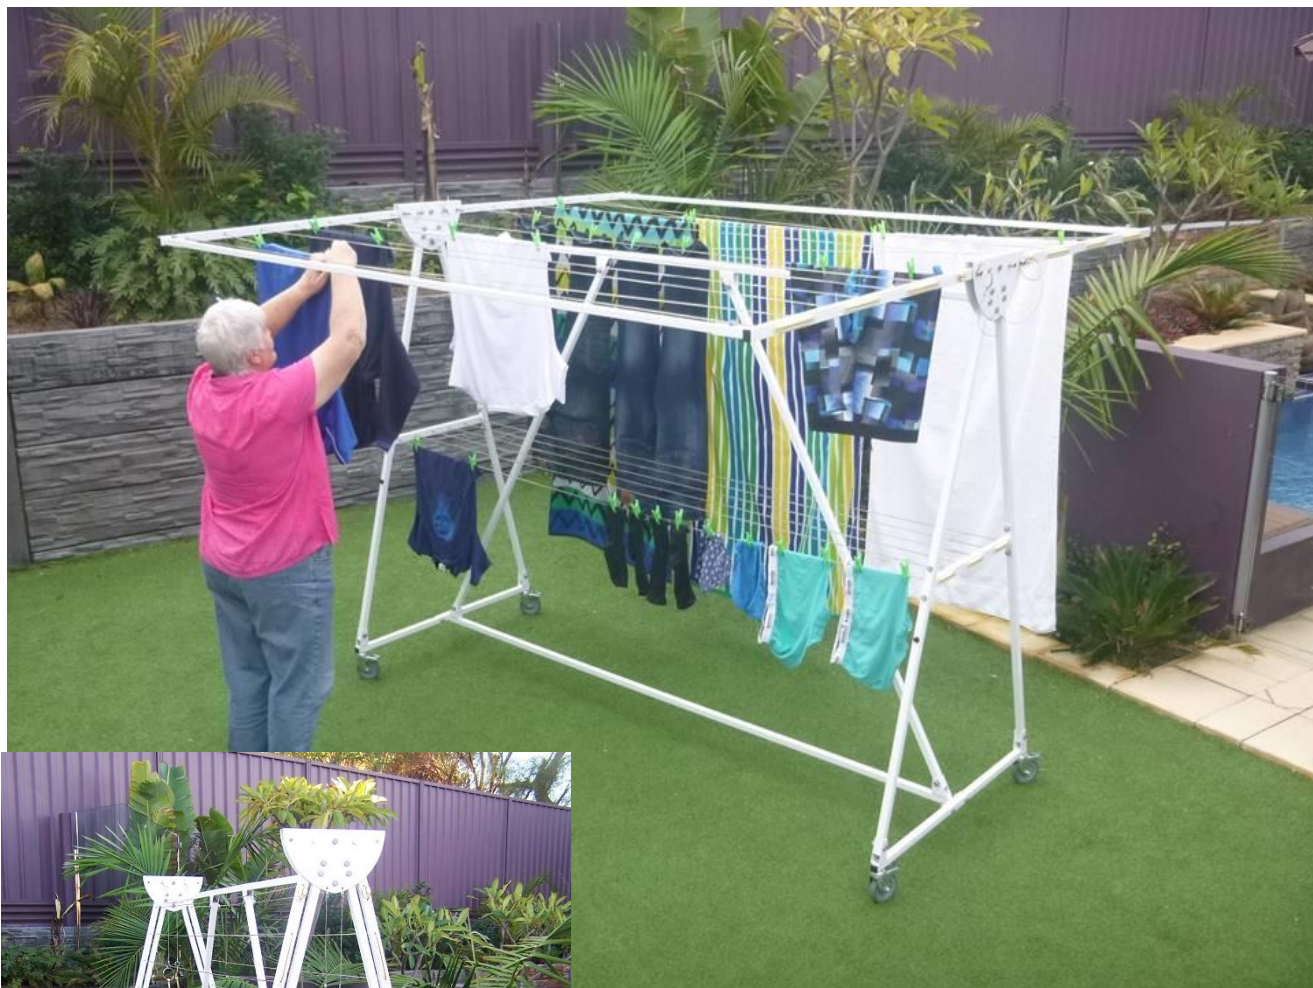

Top frames fold down on Full size frame
